

TOWN OF ATHERTON
Construction and Re-Roof Projects
Recycling and Waste Calculation Form

This form is required to be completed for all Construction and Re-roof projects. Please submit this form with your permit application, and COP Plan – if applicable. Complete this form for waste materials to be generated by your project. At completion of the project you shall submit a completed Diversion Summary Sheet and provide copies of receipts from recycling facilities, reuse companies and/or landfills. Failure to provide satisfactory documentation may result in forfeiture of any deposits placed with the Town of Atherton.
