

NOTICE

Caltrain Construction and Maintenance: Aug. 27 – Sept. 3

Construction

Santa Clara Station Improvement Project

The northbound platform at the Santa Clara Station will be demolished this week. All passengers will board the train from a temporary platform. Passengers are asked to observe all posted signs and follow direction from identified ambassadors in the station. The temporary platform will be in use for approximately six months.

Scheduled train stops at the station will not be affected by the construction. Tickets can still be purchased at the existing ticket vending machines.

The work is part of an 18-month station improvement project that will add a new wider, longer center-boarding platform and extend the southern platform 150 feet. A new pedestrian underpass will connect the two platforms, allowing two trains to pass through the station at the same time and improving safety for pedestrians in the station.

For additional information, call the Caltrain construction outreach information number at 650.508.7726 or visit us [online](#).

Santa Clara County Grade Crossing Improvements

Work continues on a VTA project that will [improve safety at eight grade crossings](#) in Sunnyvale, Mountain View and Palo Alto.

Sunday, Aug. 29 to Thursday, Sept. 2, crews will work at Mary and Sunnyvale avenues. Work will include grading, trenching, pouring new concrete and installing new pedestrian gates.

Visual Message Sign Installations

Boarding platform C at the San Jose Diridon Station will be closed Saturday, Aug. 28 and Sunday, Aug. 29 for the installation of new visual message signs. The new signs will allow two lines of text to be displayed. During the work, temporary signs will direct passengers to the correct boarding platform.

Maintenance

Caltrain will perform routine maintenance at several locations next week. To avoid delays to passengers, the work will take place Sunday through Thursday from 10

p.m. to 6 a.m. There will be some construction noise from equipment used to accomplish the work, but crews will work as quietly as possible. For more information about this type of work, click [HERE](#).

Millbrae to San Mateo

Sunday, Aug. 29 to Thursday, Sept. 2, crews will replace cross ties on the tracks between the Millbrae and Hayward Park stations.

Burlingame and San Mateo

Friday, Aug. 27 to Friday, Sept. 3, crews will install track panels and spikes on the crossings at Bayswater Avenue in Burlingame and Poplar Avenue in San Mateo. This is follow-up work being done in support of the rail replacement work that has taken place over the previous weekends.

Belmont to Mountain View

Sunday, Aug. 29 to Thursday, Sept. 2, crews will resurface the tracks between Belmont and San Antonio stations.

San Jose

Sunday, Aug. 29, crews will weld the tracks near the San Jose Diridon station.
