### **D.A.R.E. CAR – 1966 MUSTANG**

Hi, I am a 1966 Mustang. Several years ago I was a wreck, ready to be thrown in the junk yard. However two “dads” gave me a new lease on life and literally rebuilt me from the frame up into the beautiful D.A.R.E. Police Car I am today. My two dads are: (left) Kenneth Bowers and (right) Skip Mills.

Kenneth Bowers is a retired body and fender technician. When he is not busy taking care of me, he enjoys building plastic models.

### **LIFE TIP**

**#31**

“Don’t let your body become a wreck with drugs. You may not have two dads to put you back together and back on the road of life. The damage done by drugs can be irreparable.”

Skip Mills is a retired mechanic and loves restoring cars. He found putting me back together a very challenging project. Skip loves to travel in his motor home when he has the chance. In addition to restoring me, both Ken and Skip volunteer on the SS Jeremiah O’Brien, a Liberty Ship used during World War II.
