**RE: Support for Proposition 69**

Dear Mr. Griffith:

The City Council of the Town of Atherton is writing this letter to endorse the Coalition's efforts in supporting Proposition 69 on the June 2018 ballot to prevent the State Legislature from diverting or raiding any new transportation revenues for non-transportation improvement purposes. Those transportation revenues should have additional Constitutional protections to ensure funds are used only for transportation purposes. Proposition 69 would add another layer of accountability by preventing the State Legislature from diverting or raiding any new transportation revenues for non-transportation improvement purposes. Proposition 69 protects revenues dedicated to every community and transportation agency in the state for repairing local roads and improving public transportation.

We support the Coalition and can be listed as a member of the Coalition to Protect Local Transportation Improvements, a diverse coalition of local government, business, labor, transportation and other organizations throughout the state, in support of Proposition 69.

Respectfully,

Cary Wiest, Mayor  
Town of Atherton

Cc City Council
