Phone: _____

Per the town's municipal code a heritage tree is a tree, located in the tree preservation area, or a native oak tree located anywhere on the lot, which has a trunk circumference of 48" or a diameter of 15.2" at 54" above natural grade. A heritage tree will need to be dead or dangerous to be approved at the staff level. If approved, replacement tree(s) will be required. For an expanded definition of a heritage tree, please refer to Atherton Municipal Code Chapter 8.10.

In the box below draw a plot plan showing the location of major structures and the approximate location of the subject tree. Include the distance from the tree to the nearest property line.
