*Serious drought.
Help save water!*

August 10, 2015

The Honorable Anna G. Eshoo
Member of Congress
Congress of the United States
House of Representatives
Washington, D. C. 20515

Dear Congresswoman Eshoo:

Thank you for your letter to Caltrans Director Malcolm Dougherty supporting the installation of a pedestrian hybrid beacon (PHB) at the intersection of El Camino Real and Alejandra Avenue in the Town of Atherton.

We are pleased to inform you that the Department has a project to install PHB at various intersections on El Camino Real (State Route 82) in San Mateo County. PHB installation at ECR/Alejandra Avenue is included in this project. The project is currently in the design phase and is scheduled to begin construction in fall 2016. Our staff is fully aware of the City's desire to deliver this project as quickly as possible and we are working with staff to make sure the project is delivered at the earliest possible date. We will also include a clause in the contract to specify this intersection as first order of work.

Thank you for your interest in state highway safety. If you have any questions, please do not hesitate to contact me at 510-286-5900.

Sincerely,

BIJAN SARTIPI
District Director
