The City/County Association of Governments of San Mateo County (C/CAG) is a joint powers agency serving San Mateo County by providing a forum for local jurisdictions to collaborate on solutions more efficiently and cost-effectively. C/CAG is the Program Manager for the San Mateo County Stormwater Pollution Prevention Program as well as the San Mateo County Energy Watch Program. C/CAG is also the Congestion Management Agency and the Airport-Land Use Commission for San Mateo County.

C/CAG has broad countywide representation. Its Board of Directors has 21 voting members, one from each City or Town Council in San Mateo County, and the County Board of Supervisor. C/CAG Board members recognize the importance of water related issues and more so the need for countywide collaboration across jurisdictions and among impacted agencies.

On October 8, 2015, the C/CAG Board of Directors approved the framework for the formation of a CCAG water related committee to:

Serve as a forum for countywide discussion regarding water related issues and to advise the C/CAG Board regarding countywide collaboration strategies relative to water issues, including potential recommendation on the creation of a new agency, or modification of an existing agency to accomplish such collaboration as well as potential funding options. Water related issues may include, but are not limited to: stormwater pollution control, flood control, and sea level rise.
