Rail Committee Members,

Attached is another version suggested by Jack Ringham for review/consideration.

Dear Helen,

Please distribute to Rail Committee members,

I suggest the following wording to shorten it by nine words without changing the message.

"In memory of Rosemary Maulbetsch, of Atherton's Rail Committee from \_\_\_to\_\_\_, for her tireless efforts to preserve our historic train station."

If the size of the plaque is limited, this would allow the wording to be in larger type.

Jack Ringham

Mike,

Following Greg Conlon's suggestion and making it a little shorter, I was thinking something like this:

"In memory of Rosemary Maulbetsch, a member of the Town of Atherton Rail Committee from \_\_\_\_\_ to \_\_\_\_\_, and in appreciation of her tireless efforts to preserve the historic Atherton Train Station."

I think it is important to have the dates, so that years from now, readers of the plaque will have historical context for it.  
Tony Wynne
